## FOR IMMEDIATE RELEASE

### **Charter Success Partners and the North Carolina Association for Public Charter Schools Partner to Launch Licensure Compliance Support**

**DURHAM, NC, October 17, 2023** – Charter Success Partners (CSP), a leading provider of charter school accounting and operational support services, and the North Carolina Association for Public Charter Schools (NCAPCS), the foremost state charter schools' advocacy organization, have announced a partnership to help NC charter schools adhere to new state licensure law requirements.

The dashboard will provide charter schools with everything required to be in compliance with state licensure requirements, including those established by State Law 2023-106, which was passed by the North Carolina General Assembly in August 2023.

“The licensure dashboard is a valuable tool that will help charter schools stay on top of their compliance requirements,” said Zach Donahue, CFO of Charter Success Partners. “By providing schools with a dashboard that is easily embeddable on their website, parents and other interested parties will be able to access the information that they are entitled to and schools can be assured they are meeting all state requirements with virtually no disruption.”

The dashboard was developed with input from charter school professionals and attorneys. It includes a variety of features, such as:

- A personalized dashboard for each school that showcases their staff's licensure information
- A clean table of each staff member's licensure status, as required by law
- Enhanced graphics displaying the breakdown of subject area and degree

*"We are excited to partner with Charter Success Partners to launch the licensure dashboard," said Rhonda Dillingham, Executive Director of the North Carolina Association for Public Charter Schools. "This tool will be a valuable resource for our member schools as they work to comply with state licensure requirements."*

The licensure dashboard is available to all NCAPCS member schools as part of their annual membership fee. Schools are not required to be clients of Charter Success Partners to take advantage of this free NCAPCS member benefit. To help with the on-boarding process, CSP and NCAPCS will host a free, online webinar on October 24th at 11:30am. You can sign-up by visiting:
